

## MEMBERSHIP – PASSIVE SUPPORT

Dear Madam, dear Sir,

the Merge Dance Collective, would like to invite you to sign up for a passive membership. You are supporting our work financially with a minimum contribution of 30 Swiss Francs a year. Furthermore, you are invited to the yearly general assembly, where you are able to address your request with us directly.

We are able to establish our Swiss dance Collective in the national and international dance scene through your financial support. The Merge Dance Collective holds 9 members at the moment. You are also helping to maintain and to promote the dissemination and the development of the contemporary dance culture, as well as the dance styles of Hip-Hop culture. You enable professional dance graduates and future choreographers to bring professional dance onto the stage.

The Merge Dance Collective has no commercial purpose, which means it is not making any economical profit.
